So I took to the business that you know of. I had to do something; and, honestly, I don't think I've been one of the worst. But now I must cut myself free from all that. My sons are growing up; for their sake I must try and win back as much respect as I can in the town. This post in the Bank was like the first step up for me - and now your husband is going to kick me downstairs again ...

When using humour, you have to be careful not to sound serious, because seriousness is often opposite to humour. People will like your paper only if you can choose a subject matter that resonates with them. So, make sure the subject matter is relevant and good enough. You are going to write for your audience, not for yourself. That is why you ...
